INSTRUCTIONS

Completion of this Certificate of Exemption entitles persons who are not registered as vendors under the *Social Service Tax Act* to purchase the items or taxable services listed on the certificate without payment of tax provided that:

- the items or taxable services are purchased for resale, or
- the items purchased will become part of tangible personal property which will be resold, or
- the items purchased will become part of a prototype, if the prototype is a result of research and development activities that are aimed at developing new or improved products or processes. A prototype means the first full-scale functional form of a new type or a new construction of tangible personal property, or
- the penstock equipment is prescribed as exempt under section 15.1 of the regulations to the Act and will become part of a penstock piping system for a hydroelectric power plant validly licensed under the *Water Act*. The equipment will be used at the point of diversion from the water source as penstock intake or diversion equipment, or as penstock pipe to provide water from the point of diversion from the water source to a run-of-river hydroelectric power plant.

The completed certificate **must be retained by the seller** to substantiate the non-collection of social service tax on the sale. Future sales of the *same items or taxable services as listed on this certificate to the same purchaser* may be made without collection of tax on the strength of this certificate.
